## SUMMARY

Dynamic and motivated visual artist with over two years of experience in digital mediums such as: 3D modeling and lighting, videography and post-editing, motion graphics, graphic design, and web design. Excellent team leader, collaborator, demonstrating strong communication and organization skills. Able to execute projects from concept to completion.

## EDUCATION

**Digital Media Art - BFA** - San Jose State University, San Jose, CA 2019

**Child Development - AA** - Foothill College, Los Altos, CA 2016

## EXPERIENCE

**Freelance Graphic Designer, Videographer/Post-Editor, Photographer** Silicon Valley, CA 2020 - Current

- Designed logos for 3 separate Bay Area businesses: Berylus LLC, Elysium Hair Salon, and Jenergy Performance, to be used for websites, emails, and social media content.
- Photographed Jenergy Performance to be featured in Voyage LA Magazine.

**Domestic Assistant & Tutor**, Los Altos, CA 2016 - 2020

- Designed and coached unique educational approaches that proved successful.
- Coordinated schedules with parental collaboration, reducing stress and increasing members' productivity.

**Art Instructor**, The Creative Learning Loft, Redwood City, CA 2012 - 2016

- Applied art therapy principles to develop and lead art projects for over 60 students aged 5-10, based on the proper use of color theory, pencil, charcoal, acrylic paints, clay art and other art mediums.
- Exceeded parental expectations by improving children's mood, calming the body and mind, and amplifying the advantages of a project oriented mindset; which translated into student's educational workflow.

## SKILLS

### Prototyping Software

- |                     |           |              |             |
|---------------------|-----------|--------------|-------------|
| • Sketch            | • Blender | • Arduino    | • Maya      |
| • Adobe Illustrator | • Unity   | • Processing | • Fusion360 |
| • Adobe Photoshop   |           |              |             |

### Programming/Scripting Languages

- |        |       |      |            |
|--------|-------|------|------------|
| • JAVA | • C++ | • C# | • HTML/CSS |
|--------|-------|------|------------|

### Videography Tools

- |         |                   |                      |                       |
|---------|-------------------|----------------------|-----------------------|
| • DSLR  | • Drone           | • Adobe Premiere Pro | • Adobe After Effects |
| • GoPro | • Audio Equipment |                      |                       |

### Machinery/Crafting

- |              |               |              |                |
|--------------|---------------|--------------|----------------|
| • CNC Carver | • Solder iron | • 3D Printer | • Laser Cutter |
|--------------|---------------|--------------|----------------|

## ACCOMPLISHMENTS

**Osher CCC Transfer Student Scholarship** - San Jose State University 2017

**Makers Faire**, San Mateo, CA 2019

- Showcased in the global fair of innovative and self made technology.
- Built and programmed an interactive robot using Arduino, time to distance sensor, servos
- View at <https://vimeo.com/375579474>.
